

# Portable, Drum Carts: DC

Lubricant Contamination Control: **ONLY The Best of the Best**

Filtered, **Drum Dispenser Carts**, designed for extreme duty operations. Color coded for oil type. *These are custom built to a very tough standard.* The carts were designed and engineered in Canada, for extreme industrial applications. Designed for large volume oil changes and top up lube routes. The primary focus is to control lubricant contamination, improve worker's efficiency and safety!
